WEDNESDAY, MARCH 29th, 1922.

No. 13

Gasoline Prices Increase Saturday

The new gasoline tax being imposed by the Alberta government of 2c a gallon goes into effect on Saturday next. Every person who buys gasoline will have to pay two cents a gallon extra on every gallon of gasoline purchased. The dealer is put under severe penalties if he does not collect this tax.

SHANTZ—GURNSTRAND

The many friends at Didsbury will be interested to hear of the marriage of Nora Shantz (eldest daughter of Mrs. Annie Shantz, formerly of Didsbury) to Mr. William Gurnstrand of Kitchener, Ont. The ceremony was performed by Rev. Chambers at the parsonage on March 18th. The bride who was married in a very smart travelling suit of navy blue with a beautiful hat to match was attended by Miss Ella Shantz while the groom was attended by Mr. Wilfrid Shantz, brother of the bride. Only a few of the immediate friends witnessed the ceremony among whom were, Miss Ada Shantz and Miss Rita Wiegand. The bride's mother and part of the family were not able to attend on account of being in quarantine for Scarlet Fever. Immediately after the ceremony the happy couple left amid showers of confetti for a short honeymoon to Toronto.

There will be a concert, box social and dance held at Innis Lake on Friday, April 7th.

and other points. The bride and groom received many presents both useful and valuable which goes to show the high esteem in which they are held by their many friends. After their return they will reside in Kitchener.

Local Curlers Bring Home Mitchell Cup

On Monday night two rinks went up to Olds to curl for the Mitchell Cup. This cup is a new one put up this season by A. Mitchell, of Red Deer, and provides that one rink shall be composed of first year curlers and the other rink veterans, total points in two games to decide game. The boys came up against two very strong rinks in Olds and had quite a fight in winning out, and at that the colts were responsible for the win. The following is a line-up of the rinks:

OLDS	DIDSBURY
Hanson	Payve
Hanson	Long
Curly	Julien
Samis	Skip
	Huget

Score 9—17

Craig	McGhee
Cummings	J. M. Reed
Walkley	Brusso
Rev. Shortt	Skip Freeman

Score 16—14

Total score 25—31 favor of Didsbury.

This Cup is to be played for by Innisfail Wednesday night at Didsbury and we hope the local boys can manage to hold it in which event the Little Red Deer will play here for it on Friday.

AROUND THE TOWN

Mrs. H. Gabel and children returned from their winter's visit to friends and relatives in Ontario on Saturday last.

Have you got your best pair of overalls ready for the hard time dance in the Opera House on Friday.

Watch for bills of I. C. Freeman's auction sale on Monday, April 10th. Horses, cattle and machinery; situated on the old L. B. Fulkert's place.

The Alberta Cattle Breeder's Association will hold their 22nd annual auction sale of pure bred bulls at the Exhibition grounds, Calgary, from April 14th to 7th.

Ronald Hatch of the Central Creameries, Olds, was brought down to the Didsbury hospital last week suffering with appendicitis. Dr. Hartmann came down with him.

Don't neglect your eyes! Get glasses before it is too late. See M. Mecklenburg the eye specialist at Roschold Hotel on Friday, April 17th and Olds on April 18th.

Mr. W. P. Shultz, who was farming here about a year ago and then went to the States returned to Didsbury about a week ago to start operations again. He says there's no place like this. They all come back.

Mr. Ralph Elmer returned from Portland Ore., on Saturday last. He intends staying here for a short time to settle up some business. Mrs. Elmer is very much improved in health since going to Portland.

The many friends of Mr. and Mrs. R. Y. Laidlaw will learn with sympathy that their little son, Bruce Douglas, died last Friday, the cause of death being croup with complications, at the age of two and a half years. The little one was only ill a very short time. The body was taken to Pincher Creek on Monday for interment.

Mr. Geo. Wrigglesworth has again taken over the Massey-Harris implement agency in town. He will be pleased to meet all his old customers and friends at his emporium north of town where besides the Massey-Harris line he carries a big supply of other farm accessories.

Miss I. Gardiner's pianoforte recital held in the Oddfellows Hall last Friday evening was a most decided success. The hall was filled to overflowing, many having to stand up in the back. But notwithstanding this however the collection plate near the door did not fill up as might have been expected, in fact many overlooked this item altogether. The pupils all rendered their selections in a very capable way, reflecting credit on their teacher. The trio composed of Miss I. Gardiner, pianist, Miss H. Campbell, violinist,

and Mr. E. Gardiner, cellist, were a concert in themselves, and were repeatedly encored. After the recital a social hour followed during which lunch was served and and a short dance held.

New U. S. Tariff Higher than Fordney

The new tariff bill which is being proposed in Washington will likely be reported within a week according to Senator McCumber who has charge of the bill. The new tariff will be higher than even the Fordney Act and the emergency bill.

Some of the items are as follows:

Wheat will have to pay a duty of 30c; flour, 75c per hundred; flax seed, 50c a bushel; rye 50c; live stock and meats increased over the Fordney tariff. In fact all lines are raised considerably over the Fordney tariff.

Our enterprising neighbor, Mr. W. Flock, returned recently from an 80 mile trip to the Didsbury Flour Mill where he exchanged a load of wheat for flour, Graham flour, wheatlets, bran and shorts. He expresses himself as very well pleased with the results. He also brought home a fine turkey gobbler which he purchased from a turkey farm near Didsbury—Winborne Breezes, Trochu Tribune.

One of the amusing situations with which Charles Ray's first independent picture, "15 Minutes from Broadway," is filled, occurs when Mr. Ray, as Kid Burns, is given the combination of the safe and locks the paper containing it in the safe to protect it. Later this proves a very fortunate circumstance for the hero. The villain and adventuress, in search of the

missing will, attempt to blow up the safe and Burns, anxious over the fate of the combination, arrives on the scene just in time to foil them. "15 Minutes from Broadway" will be shown in the Opera House on Saturday night.

FLINN—BOETTGER

A very pretty wedding was solemnized on Wednesday, March 15th, at the home of the M. B. C. pastor, when Miss Rosella Boettger became the bride of Edward Flinn. Both are of Mayton. The bride was beautifully dressed in white gorgie over white silk, and a band of orange blossoms caught back her veil. She was attended by the groom's sister, Miss Sarah Flinn, while Mr. Harry Herley attended the groom. A reception was afterwards given at the home of the groom's parents, Mr. and Mrs. Wm. Flinn, where a great number of friends and relatives spent a very enjoyable evening.—Olds Gazette.

CARD OF THANKS

We wish to take this means at expressing our very sincere thanks and appreciation for the kind sympathy and help extended to us by our neighbors and the public during the recent short illness and at the death of our dear son.

Mr. and Mrs. R. Y. Laidlaw.

ANNOUNCEMENT

Dr. Duncan, dentist, wishes to announce that after March 31st, 1922, he will give up his Didsbury dental office and open his new dental office at 204 new P. Burns bldg., Cor. 8th Ave. 2nd St. E. Calgary, where he will be equipped to give all the very best in dental service.

Dental plates for repair if mailed direct to above address can be repaired and mailed back by return mail.

"I Serve"

The words employed as the title to this article constitute the motto of the Prince of Wales, and giving consideration to the splendid services His Royal Highness has rendered to the Empire during the years since he reached his majority, it is probably not far wide of the mark to say that no former Prince of Wales served quite so diligently to live up to the motto of his house, Edward, Prince of Wales, served with the British armies in France throughout the war, not in some safe billet, but well within the battle zone. Since the war he has hardly had a moment's rest from the really exacting work of discharging the duties of a task which has been aptly described as "the Emperor's ambassador to all the world." He has unquestionably rendered valuable service in Canada, Australia, New Zealand, India and elsewhere.

But in the work of empire and in endeavor to create the best possible conditions for all people following the upheaval of the Great War, the Prince of Wales has no monopoly of the duty and responsibility of rendering service. Each and every citizen however humble their station in life has a like duty and responsibility and their own particular field in which to serve. And it is only to the extent that each individual citizen discharges that duty and gives service for the benefit of others that the desired betterment and progress in human relationships and conditions can be achieved.

Some men and women enjoy greater opportunities for service to their fellow citizens and to the extent that this is so their responsibilities are greater. Particularly it is necessary in these days that men and women engaged with the administration of public affairs should be actuated with a keen desire to serve, because the consciousness of having served one's country and fellow men will, in all likelihood, be the only reward received.

Addressing the seven hundred or more Saskatchewan municipal executives, councillors and secretaries/secretaries assembled in annual convention a few days ago, Hon. C. A. Dunning, Provincial Treasurer and Minister of Municipal Affairs, after reviewing the difficult financial conditions now confronting Saskatchewan, and something of a note of optimism and encouragement, concluded his remarks by saying:

"Officials of municipalities have a duty to their people to perform a service. These are difficult days for men who are in public service whether it be municipal, provincial, Dominion or Empire-wide. There is a psychology largely predominant from the hysteria of the past few years which is poisoning the whole world which will ultimately produce good results. There is only one thing for us to do, only one thing for those of us who are public officials to do, — keep on serving. That is the way the world will be saved. It will not be saved by theorists and slanders but by the men who stick to their jobs to their duty and serve with the very best that is in them."

The sturdy truth of this declaration cannot be successfully challenged. Any person in public life today who is merely striving to achieve some personal ambition, or to gain some selfish end, or is actuated by any motive other than a sincere desire to render service, will prove a failure. No man or woman can be expected to be a public servant, and even though he give all his energies and the best that is in him, to the point of great worldly sacrifice and the risk of his health, the strong probability is that he will receive but scant thanks from the people who placed him in office and whom he has diligently sought to serve. The public, as a rule, are ungrateful and the path of the most virtuous is rejected with scorn tomorrow.

The daily press teems with instances in support of this statement. Hardly a day passes but reports the overthrow of some Government or statesman who has rendered long and valued service to his fellow citizens, while great crimes and injustices are being committed. The world over indicate that countries, nations and people are anything but ready to yield their quota of unselfish service to the struggle of all, rather selfishness seems rampant, each individual or group striving to obtain their own ends regardless of the effect on other in the spiritual and growth of the nation as a whole.

The one good and true citizen, and the one who in the final analysis will enjoy the satisfaction of the commendation of his own conscience—and that, after all, is the most lasting and supreme satisfaction—is the one who, regardless of temporary success, or the plaudits or sneers of others, sticks to his job and keeps on serving his country and fellowmen. Only so was the world saved through the great crises of the past; only so can it be saved now.

RHEUMATIC ACHES QUICKLY RELIEVED

There is nothing so quickly relieved by an application of Sloan's Liniment as rheumatism. It is the only remedy that will relieve the most severe cases of rheumatism. It is the only remedy that will relieve the most severe cases of rheumatism. It is the only remedy that will relieve the most severe cases of rheumatism.

It can be put right by its healthy, stimulating effect that it is going to do good.

It is ready for neuralgia, sciatica, lumbago, rheumatism, sore muscles, strains and sprains.

At all drug stores—50c, 70c, \$1.40.

Saskatchewan Villages

Number of Villages in the Province is Now 348

With 14 incorporations during the 12 months preceding the number of villages in Saskatchewan was increased to a total of 348 at the end of the year, 1921. It was reported by officials of the Saskatchewan department of municipal affairs.

In addition to the 14 hamlets raised to the status of village, one village was created a town during the year. Star City became a town November 1, 1921.

The following are the new villages incorporated during the year, together with the date of incorporation:

February 2, Rutledge; March 3, Dunsay; March 14, Bismarck; March 21, Beauty and Danvers; April 28, Indinger; May 21, Inverell; June 22, Hodgeville; November 18, Kelvington; December 1, Linton; December 18, Hildesheim; December 28, Pleasant.

Minard's Liniment for Coughs and Colds

WORLD HAPPENINGS BRIEFLY TOLD

Robert B. Robertson, planter, then son, miner and proprietor of the Bon Marche store, is dead at the age of 75. He was born in Scotland and came to Dawson many years ago from Seattle.

Working in a blinding snowstorm and with the thermometers near zero, robbers tunneled into the vault of the Piedmont State Bank at Piedmont, Kansas, and stole liberty bonds believed to total \$500,000 in value.

The Fernanago Assize Court sentenced three men described as leaders to ten years' imprisonment for participating in the recent kidnapping raids in Ulster. Eight others were given sentences ranging from five to eight years.

Baron Manton, of Compton Verney, was thrown from his horse and killed while fox hunting near Stratford-on-Avon.

Lord Manton formerly was Joseph Watson, head of a big soap firm. He was elevated to the peerage at the new year for his war service and philanthropy.

Reduction of the size of the United States rental army to 115,000 enlisted men, has been tentatively agreed upon by the subcommittee which is drafting the army appropriation bill at Washington. The present strength of the army is approximately 137,000 men.

TRYING TO RUB OUT YOUR RHEUMATISM

It Can't Be Done—The Trouble Must Be Treated Through the Blood

The pain of rheumatism is something you cannot rub out. Every sufferer from rheumatism needs to be advised to rub this liniment on the affected part, but after all the rubbing the blood must be treated. It will cure it and can't cure it.

Thin blood and rheumatism come together and if they are properly treated they will go together. Rheumatism is the blood in poor water. Thin blood, which can't carry oxygen, starts the aches and pains, but it is the condition of the blood that is at fault, and only by correcting this, and making the blood rich and red can the rheumatic poison be driven out. This is what is done in the treatment of rheumatism with Dr. Williams' Pink Pills. Acute and chronic rheumatism shows improvement as the thin blood is built up, and when the blood has been restored to its normal condition the trouble vanishes.

This is proved by the experience of Mr. John A. O'Neill, Port Hood, N.S., who says: "I was a periodical sufferer from rheumatism for years. I tried many remedies, but with indifferent results, and I had about concluded that the trouble was too firmly rooted in my system to be got rid of. While I was suffering from an attack I was advised to give Dr. Williams' Pink Pills a trial. I first got three boxes and by the time I had taken them I felt much better. Then I got three more boxes, and when I had taken them not only was the rheumatism gone, I was feeling better in every way. If you suffer from rheumatism I strongly advise a trial of Dr. Williams' Pink Pills. These Pills are sold by all medicine dealers or will be sent by mail, post paid, at 50c a box or 4 boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont."

He Would Reduce Somebody said to Bill the other day: "What made the tower of Pisa lean?" and Bill said he knew, he'd fix it.

Moving a Mountain

Task Undertaken by Engineers in Rio de Janeiro

Moving a mountain is the huge task undertaken by engineers in Rio de Janeiro, where the Morro do Castelo, consisting of an estimated 1,000,000 cu. yd. of earth and rock—is being obliterated, the completion of which is expected to make the southern metropolis much more breezy, cool and healthful, besides adding some 40 blocks to the heart of the city. Various methods have been tried in the transporting of this mass, from the present location and depositing it in the bay, among these being pick and shovel, mole cart, steam shovel, and "dumps or dumping trains," all of which are deemed too costly. It is the April Popular Mechanics Magazine. The presence of an old convent on the summit of the mountain has given rise to the rumor that gold is hidden near it, and causes added zest among the credulous workmen.

Dye Any Garment Or Old Drapery in Diamond Dyes

Buy "Diamond Dyes" and follow the simple directions. In every package, (don't wonder whether you can dye or not, you can because you have the dye.) Everything is guaranteed with Diamond Dyes. Everybody Must Kill Grasshoppers

E. H. Strickland, who for some years has been Dominion Government Entomologist, is now located at Alberta University, as Professor of Entomology, a chair which has recently been created in the faculty of Agriculture. Mr. Strickland has been loaned by the University to the Department of Agriculture of the Province, for the coming summer, to supervise the efforts to combat the spread of the grasshopper pest. He will have an office in the government buildings, and will be directly connected with the Department of Agriculture. Mr. Strickland for the past few years has been spending considerable time in Southern Alberta, engaged in a campaign against the grasshopper. This plague threatens this year to reach alarming proportions and the government of the province is taking all steps possible in the matter.

A Pest Act, which requires all residents in the infested territory to take steps for the control of pests on their land has been added to the statutes of the province, and the Department of Agriculture has been authorized to purchase large quantities of the various materials that are necessary for poisoning the grasshoppers.

These materials will be distributed throughout the infested territory and will be supplied to the councils of municipalities and to the unorganized districts at half their cost to the government.

It is hoped that every municipal council will obtain a machine for mixing these ingredients in order that a well prepared bait can be supplied to all farmers whose land is infested with this pest. The councils of several municipalities installed these machines last year, and the bait prepared by them was far more effective and considerably cheaper than was hand-mixed bait.

Past experience has shown that grasshopper outbreaks can be successfully terminated by the effective and thorough use of poisoned baits. The history of most grasshopper outbreaks has been, however, that there is always a percentage of the population that does not appreciate their responsibilities under such circumstances, with the result that the outbreak drags on for several years. The Pest Act contains clauses compelling owners of land to control this pest on their own property, but the grasshopper outbreak will not be successfully checked unless all of the residents in the infested area are prepared to support the spirit of the act beyond its letter. This applies, not only

to farmers and other land owners, but to the business men of the towns and villages.

There are large areas of unoccupied land in every municipality and near every village and town in Alberta. Many of these are already known to contain grasshopper breeding grounds. It is suggested that these be scouted under the auspices of Local Boards of Trade or other organizations. If, in the spring, they are found to be heavily infested with grasshoppers, men should be detailed to poison them, or, if the areas are extensive, could not at a date be set as a Civic Holiday upon which the residents of the town are organized to poison these breeding grounds before the grasshoppers scoured from them to neighbouring farm lands

where they will be a detriment to the whole community.

Everyone in Alberta will have to contribute to the expense of the grasshopper campaign this year and if this campaign is not a complete success, they may have to contribute even more heavily next year, for the pest has increased, for the time being beyond the bounds of natural control, and it can be reduced only by the efforts of the residents of the infested portions of the Province.

Residents of Alberta who are not farmers, should bear this in mind and decide, whether even for the most selfish reasons, it would not pay them to take part in the campaign that will be waged by the farmers against grasshoppers this summer.

AUCTION SALE

Under instructions from A. M. OON (light) will be public auction on S. E. Sec. 22, 30, 4, W. 5, 16 miles straight west of Carstairs on blind line, or 5 miles south of Elkton P. O., or 1 mile west and 3 miles north of Cremona, on

Tuesday, April 11th

The following goods:

HORSES

Moose Jaw Member Deals With Problems Of Grain Marketing

Ottawa.—Debate on the address and participation from Ontario and the West. R. M. Johnson, Progressive, Moose Jaw, thanked the Government for the reforms promised in the speech from the throne, even though, as set forth, they fell a good deal to the imagination. He expressed the hope that the business barometer would continue to rise and that the improvement would be permanent. Business conditions in the West had been adversely affected by the tariff reduction in the United States. This had been very serious on the livestock industry, though not so much for grain growing. The people of Canada were not responsible for the imposition of these restrictions, but

he wondered whether those restrictions would have been imposed if the Canadian people had accepted the measure of freedom of trade which was offered to them in 1911. (Latter at applause.)

Dealing with the problem of grain growing, grading and marketing, Mr. Johnson said that the greatest blow that had ever been given to Western agriculture was the greater production campaign of 1918. The farmers had decided to respond to that appeal and to raise as large crops as possible. But nature could not be driven and when an effort was made to do so, the result would not be what was expected, while future returns would be handicapped. The present system for the physical handling of grain could not be, he thought, bettered, but he was speaking, he believed, only in his section of the House when he said all opposition to the establishment of a wheat board had not been swept away. He did not mean that the wheat board system was perfect. He was disposed to agree that a voluntary cooperative system of control would be better, but the farmers were still living in abnormal times and they could not afford to wait for normal times for that ideal. He believed that 90 per cent. of the product of this season would be sold at less than the actual cost of raising it. He approved of the proposal to have the suggestion for the establishment of a wheat board investigated by the agricultural committee, but the country could not afford to wait for that investigation.

Pain In Her Arm

Is Now All Gone

MRS. STANTON RECOMMENDS DODD'S KIDNEY PILLS

Woodstock Lady whose Rheumatism has Vanished Tells why She Believes in Dodd's Kidney Pills.

"I read about Dodd's Kidney Pills and what they had done for others, so I sent and got six boxes. They did me good right from the start. The pain is now gone, but I keep Dodd's Kidney Pills in the house as I have an occasional touch of lameness and they help it a lot. They help my husband's head too."

Dodd's Kidney Pills are the best known and most reliable of kidney remedies. They heal the kidneys, sound kidney strain all the while, and the cause of rheumatism, out of the blood.

Ask your neighbors if Dodd's Kidney Pills do not make healthy kidneys.

Backache

Backache is the outstanding symptom of kidney disease. Women often make the mistake of attributing other causes and overlooking the derangement of the kidneys until serious developments have made it difficult to obtain permanent relief.

This letter points to a treatment which has been so thoroughly tried and proven so effective in the great majority of cases that you cannot afford to overlook it when cause arises for its use.

Mrs. Albert Brunet, R.R. No. 1, Ottawa, Ont., writes:

"I have used Dr. Chase's Kidney-Liver Pills for the past two months, having been afflicted with kidney trouble. I used two doctors' medicine previous to this, without any good results. A friend told me to use Dr. Chase's Kidney-Liver Pills, and the second box made me feel a good deal better. I have now used about six or eight boxes, and am completely relieved."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

Arrest of Gandhi

Causes Grave Concern

Durban Natives Believe He Helped Preserve Peace in India

Durban.—The Indian Congress of Natal in protest against arrest in India of Gandhi, the civil disobedience leader, attempted to precipitate a general strike in Natal industries. The attempt, however, has proved only partially successful. The East Indians here in Durban adopted a resolution recording their grave concern over the arrest of Gandhi, and expressing belief he had been largely instrumental in preserving peace in India.

Zanzibar, Island of Zanzibar.—The East Indians here have declared a one-day halt in protest against the arrest of Gandhi, no disturbances marked the observance of the holiday.

Sores Flee Before It.—There are many who have been afflicted with sores and have driven them away with the Thomas' Electric Oil. All similarly troubled should use no time in applying this splendid remedy, as there is nothing like it to be had. It is cheap, but its power is in no way expressed by its low price.

No Medals for Home Services

London.—An announcement in the House of Commons that the army council had decided not to grant medals for home services during the war, was received with cheers. The secretary of state for war, Right Hon. Sir L. Worthington-Evans, was reminded that special constables had received medals, and he replied that they were not army medals.

Visit Mining Area

Prince Rupert, B.C.—Steel interests in Sheldahl are represented in a party which is exploring the mining areas at Stewart and Anyox. B.C. C. L. Drury, general manager of Sanderson Brothers, Toronto, is representing the Sheldahl people.

HALIFAX EXPLOSION WRECKED HER NERVES

The reader will remember, particularly when a few years ago there was a solution in the Halifax N.S. Harbor and one of the worst fires and explosions in our country's history, and how it was a large portion of the city and surrounding districts were destroyed and suffering and distress during the following.

Mrs. Winifred P. H. of Windsor, N.S., was living in Halifax at that time and was through this trying experience and the shock wrecked her nerves. She writes as follows:—I was living in Halifax at the time of the explosion, and it wrecked my nerves so that I could not do my housework. I would kill such nerve pills I would be under the doctor's care.

I saw Milburn's Heart and Nerve Pills advertised in a book two years ago and they helped me so much I bought six and have I can completely relieve me. I can recommend them to anyone suffering from heart and nerve trouble.

To all those who suffer from nervous shock we would recommend our

HEART AND NERVE PILLS as the best remedy to give you an energetic nervous system and strengthen the weakened organs. Milburn's Heart and Nerve Pills are the original heart and nerve food having been on the market for the past 27 years. Price, 50c a box. All dealers or direct from T. Milburn Co., Limited, Toronto, Ont.

Manitoba Election Predicted in June

Polling Probably Deferred Until Seeding in Finished

Winnipeg.—A provincial election in June is the prediction of political observers, following the defeat of the Norris government in the Legislature. The election could not be brought on in less than seven weeks. It was urged by Frederick Aswood, clerk of the executive council, and it is held to be probable that the active campaign and the polling will be deferred until seeding is completed in the province.

Asthma No Longer Dreaded. The dread of renewed attack from asthma has no hold upon those who have learned to rely upon Dr. J. D. Kellogg's Asthma Remedy. So sure do they feel that complete reliance is placed on this new remedy with the certainty that it will always do all that its makers claim. If you have not yet learned to rely upon this preparation at hand get it today and know for yourself.

China's Trade Outlook Considered Serious

Business Conditions Paralyzed By Strike of Seamen

Victoria, B.C.—Trade depression is noticeable throughout the Orient, and in China, the outlook is serious, according to F. W. Peters, general superintendent of the Canadian Pacific Railway, British Columbia division, who reached here from Hong Kong by the liner Empress of Russia.

Business conditions in China were virtually paralyzed by the strike of Chinese seamen at Hong Kong, said Mr. Peters. The Chinese guilds have control, and now include all branches of Chinese labor. In Japan, Mr. Peters found competition keen. Much shipping, however, is tied up, owing to lack of cargoes.

Proposed Plans To Increase British Army By Further Enlistments

London.—Risks involved in the reduction of the army, in the opinion of the war secretary, Right Hon. Sir Laming Worthington Evans, were outlined by him in introducing the army estimates in the House of Commons. He said the proposed percentage of 152,000, excluding the troops on the establishment in India, showed a reduction of 20,000, compared with the number in 1911, when there was behind the army a reserve of 140,000 men, and 55,000 militia. The reserve today, he said, was 67,000 and 20 militia, but there was a large potential reserve of war veterans.

Sir Laming said he proposed to strengthen the reserve by enlisting key men and make a fresh start with the militia at a cost of £1,000,000. Dealing with the risks involved in consequence of the reduction, he said the army might be called on to reinforce the forces of the crown in India, in certain emergencies, reinforcements greatly exceeding the proposed future estimates might be required. Sir Laming hoped that a sound policy and wise administration would meet any emergency without risks were involved in reducing the army.

The names of 12 policemen who had been marked for assassination and all of whom had expressed their willingness to re-enlist.

EAST AND WEST AGREE

Lydia E. Pinkham's Vegetable Compound is Helping Sick Women to Health

The two letters which follow clearly show the broad field covered by this well-known medicine. Women from every section—you know some in your own neighborhood—praise Lydia E. Pinkham's Vegetable Compound as a wonderful medicine for troubles women often have.

From Prince Edward's Island—East

Mitroche, P. E. I.—I had female troubles for two years. I always had a headache and a pain in my side and sometimes I felt so weak that I could not do my work. A friend advised me to take Lydia E. Pinkham's Vegetable Compound and I have taken six bottles of it. It has done me a lot of good and I am still taking it. I will tell my friends of your medicine and hope they will try it. —Mrs. CURTIS DE ROUSE, Mitroche, P. E. I.

From Saskatchewan—West

Wadena, Saskatchewan.—"A friend in Rose Valley recommended Lydia E. Pinkham's Vegetable Compound to me and it has been a great help to me. I recommend it and you can use this letter as a testimonial if you wish." —Mrs. PETER NORDIS, Wadena, Saskatchewan.

Resents Interference Of Viceroy

London. A dispatch to the Central News from Belfast says Sir James Craig, replying to a question in the House of Commons, asserted that the Londonderry prisoners had been released over the heads of the Viceroy government, and that if there were further interference with the courts by the viceroy, he would resign.

Belfast.—The Belfast Telegraph declared that the police members were committed to assist the Royal Irish Constabulary from joining the force. The newspaper charged that the campaign was specially directed against Roman Catholic members many of whom already had indicated their intention of leaving the Northern Parliament.

The Telegraph reports a document found by Sergeant Clark, contained

THE BEST THING ON WHEELS

Imperial Mica Axle Grease prevents friction, heat and wear. Its use makes wheels turn easier and axles last longer. It also takes a load of strain off horses and harness. It goes twice as far and lasts twice as long as ordinary grease. Sold everywhere in various sizes from one pound tins to barrels.

—ON HARNESS

Imperial Eureka Harness Oil keeps your harness soft, pliable, strong and serviceable. It doubles the life of harness and reduces repairs. Prevents cracking and breaking of stitches. Penetrates to every pore of leather, making it waterproof and sweatproof. It gives a rich black, lasting finish.

IMPERIAL OIL LIMITED Canadian Company Canadian Capital Canadian Workmen

For Constipated Bowels, Sick Headache, Sour Stomach, Bilious Liver

The nicest cathartic-laxative in the world to physic your liver and bowels, when you have Dizziness, Headache, Cold, Biliousness, Indigestion, or upset. Acid Stomach is easily like "Cascarets." Use one or two tonight will

empty your bowels completely by morning, and you will feel splendid. They work while you sleep. Cascarets never stir you up or give the Salt Pills, Calomel or oil and they cost only ten cents a box. Children love Cascarets too.

You Must Tell 'em To Sell 'em

On your shelves, in your stock room or warehouse, are goods you have for sale.

In the homes all around are the folks for whom those goods were produced—The Buyers.

You have the goods, they have the money. But there's no particular reason why the sale should come to you. Mr. down the street handle the same line of goods. The happiest solution and logical one is to ADVERTISE. Tell 'em.

LAND FOR SALE

The Soldier Settlement Board of Canada offers for sale by Public Tender:

South-west 1 Sec. 21, and South-east 1 Sec. 20, Tp. 31, Rg. 1, West 5th.

The terms of sale are 20 per cent. of purchase price in cash on acceptance of tender, the balance in not more than nine equal, annual instalments, with interest at 6 per cent. per annum.

Each tender must be accompanied by an accepted cheque for 10 per cent. of the tender offered. This amount will be applied on the 20 per cent. if the tender is accepted.

In the event of a tender of a returned soldier being accepted, no advances will be granted him for Stock and Equipment or Permanent Improvements under the Soldier Settlement Act, 1919.

Tenders will be opened Friday, April 7th, 1922.

The highest or any tender not necessarily accepted. If the land is not sold on the date above mentioned, the Board will be prepared to receive tenders to purchase until such time as it is finally disposed of.

Tenders should be in plain envelopes marked "Tender for the purchase of—" and addressed to:

The District Superintendent, Soldier Settlement Board.

Dated at Calgary this 23rd day of March, 1922.

IRISH NIGHT AT OLDS

Mr. and Mrs. S. L. Ling, with Mr. Charlie Hillebrecht as joint host, entertained the Phoenix Whist Club at a St. Patrick's party on Monday night. The decorations were quite unique. Around the room ran a frieze of Irish lads and lassies in costume, while harps and shamrocks abounded in profusion. Orange, green and white streamers everywhere, added to the festive appearance, while a huge "Irish Murphy" as blarney stone created much amusement. The guests were in costume. It was a truly democratic festival.

After progressive whist, supper was served in courses by the Butler and "Rastus". Special honor was shown the Murphy family, in the predominance given the potato salad, potato pigs, ducks, etc. Licorice pipes were passed the men. Head prizes, Irish caps with pipes were won by Mrs. C. Shields and Mr. Harold Welsh. The consolations were caps of cabbage leaves topped by single pathetic sunflowers. Other than members of the Club the invited guests were Mr. and Mrs. Clemenson, Mr. and Mrs. Philipson, Mr. Schmidt, Didsbury, and Messrs Carron and Headington, Olds.

Appointment of a comptroller of government expenditures, is being considered at the present time by the provincial government, it has been stated by Premier Greenfield.

"THE STORE THAT NEVER DISAPPOINTS"

D. H. S. NOTES

The second meeting of our Literary Society was held last Friday. It was a real success. As Miss O'Connor stated in her Criticism, we are glad to see that the organization is being whole-heartedly supported by every member. We might remark, in passing, that the enthusiasm is probably due to the opportunity offered of "getting even" with the teachers--of doing unto others as others do unto us.

Our Lits. are open to the public and we heartily welcome all visitors who care to pass the hour with us. The next meeting will be held in Room 1 of the Public School on Friday, April 7th, at 3 p. m.

None of us dance, of course, but still--tell me it's waltz time

and I'll be happy. Let's go. Now, one, two, three.

Our first basketball schedule is over. Tom Reed's team holds the cup after having played several fast games and having gained several well-earned victories. Congratulations to the winners!

A non-schedule game will be played by Tom Reed's and Russell Bersch's teams on Thursday, March 30th, in the Gym. A line-up of the teams will be found in the D. H. S. "Orenda". All those who are interested in H. S. sports are invited to come out and watch us play. A new schedule for the boys will soon be drawn up.

Are the girls going to play basketball? Are the boys going to have a basketball team? Are we going to organize a Tennis Club? Is there going to be a

spring Track Meet? Let's go buy and put some real "pep" into our school life. Let's go.

Another boy is leaving school--one whom we regret very much to see go. There remain in our school, all told, about fifteen living souls. What is the world coming to!

What have YOU done for your school? Very few of us have done anything. We're a dead bunch. Let's live up.

"Gum" is one of the popular topics of Grade VII Civics.

Although Didsbury is becoming noted for its deep appreciation of music, how much more pleasant it would be if our principal would only practise his vocal solos outside the building!

April the first will soon be with us. We hope that some people, other than pupils, will see themselves as they are seen by us. --A. L.

The first copies of the "U. F. A.", the new official publication of the U. F. A., has reached our office and judging by the issues received the new venture will contain much that is of interest not only to the U. F. A., but to the general public. We may not all have the same viewpoint as expressed in some of its articles but they are well written and bear the stamp of sincerity and no doubt like most publications that appeal to a section or group it will contain something that will be of great benefit to all classes of the community. We congratulate the Editors on the appearance and get up of the new publication and wish them every success in their new venture.
